## SENSIADULT

Highly digestible food for active dogs

High-quality food for our sensitive athletes. This digestion-regulating yet meaty recipe ensures sufficient energy for increased activity and sport. The highly digestible ingredients also reduce the amount of feces.

- Digestion-regulating fibre complex for active and/or sensitive dogs
- Valuable antioxidants support active metabolic tissue and promote vitality
- With L-carnitine and taurine to support cardiovascular functions
- A great follow-on food from **JOSERA SensiJunior** thanks to its tailored recipe

### Digestion control

Special dietary fibres and highly digestible ingredients regulate digestion and reduce the amount of feces.

### Performance

Valuable antioxidants can help prevent the influence of free radicals generated due to physical activity. L-carnitine encourages the metabolism of fat, thus making energy more easily accessible for the body.

### Skin & coat

A shiny coat and a healthy skin are signs that your dog is receiving the ideal food. This is assured by the presence of fatty acids, vitamins and organically bound copper and zinc.
