

Calm Mix

Product Information

A natural horse calming supplement with -5HTP, chamomile and a soothing blend of herbs

A blend of herbs, -5hydroxytryptophan, vitamin B1 and magnesium formulated to have a calming effect on horses without causing drowsiness. Use this product daily or at events only, depending on the needs of your horse.

Use this if your horse:

is "hot", spooky or tense
has trouble concentrating on work
is agitated or nervous at events
is edgy in the paddock or stable

Calm Mix

Calm Mix contains:

- **Brewer's Yeast**
Brewer's yeast (*Saccharomyces cerevisiae*) is a yeast and is the source of various vitamins and minerals.
- **Chamomile**
Chamomile is a herb which soothes and helps to maintain a calm and focused attitude.
- **Passion Flower**
Passion Flower is approved by Germany's Commission E for 'nervous unrest'.
- **Hops**
A bitter herb, renowned for its calming properties.
- **Vitamin B1**
Vitamin B1 or Thiamine, when deficient, can cause nervous behaviour in horses.
- **-5HTP (-5Hydroxytryptophan)**
A shortage of -5HTP in the diet can result in anxiety.
- **Magnesium**
Horses deficient in Magnesium can show signs of nervousness, excitability and muscle tremors.
- **Calcium**
Calcium is a mineral which, if deficient, can cause problems such as weak bones and menstrual problems

Analytical constituents:

Crude Protein (%45)
Crude Ash (%8)

Directions:

One scoop per day (daily use) to four scoops per day (event use).
One 500g bag, if used continuously, will last one horse four weeks.
Use this product daily or at events only, whatever the needs of the individual horse.

Please take care:

Do not use in conjunction with anti-depressant drugs
This is a nutritional product and is not intended as a substitute for veterinary products or advice.
Discontinue immediately at any sign of an adverse reaction
