

Electrolyte Gold

Product Information

Premium Electrolyte Supplement with Antioxidants

Electrolyte Gold is a complementary (dietetic) feed for horses for the compensation of electrolyte loss in cases of heavy sweating, containing essential electrolytes and vitamins in an amino acid and dextrose base.

Instructions for Proper Use:

ELECTROLYTE GOLD should be added to the normal feed ration.

Competition Horses:	One 50g sachet per day.
In Hot Climates and Horses in Transit:	One 50g sachet per day.
Horses in Light Training:	One 50g sachet every second day.

Fresh Water should be available at all times.

Pack Size: 30 x 50g
