

Pro-Soothe Shampoo

Description

Pro-Soothe Shampoo is a rich, non-irritating shampoo for pets with problem skin. It contains soothing ingredients together with moisturisers and conditioning agents that will aid in providing relief from pruritis (itchy skin) and dry skin.

COMPOSITION

Pro-Soothe Shampoo contains witch hazel %10, glycerin %5, colloidal oatmeal (*Avena sativa*) %2, ichthammol %0.6 and triclosan %0.2 in a non-irritating, pH-neutral shampoo. Witch hazel has astringent and soothing properties and will calm irritated skin. Glycerin is a moisturiser and draws moisture from the environment onto the skin, thereby hydrating the epidermal layer.

Packing: 250ml

K Y R O N

**Pro-Soothe
Shampoo**

Colloidal oatmeal coats the skin and moisturises, softens and helps soothe its itchy, dry condition. Ichthammol has natural anti-inflammatory properties and aids in reducing red and itchy skin. Tricosan aids in enhancing the mildness of surfactants on the skin. Pro-Soothe Shampoo is formulated to protect the natural acid-mantle of the skin, which protects it from bacterial and fungal infection.

INDICATIONS

Pro-Soothe Shampoo should be used in cases where pets scratch themselves excessively and suffer from dry, itchy, irritated skin.

Directions for use

Shake well before use. Wet the coat thoroughly with warm water. Apply sufficient shampoo to work up a mild lather. Work the shampoo into the coat and leave on for 10-5 minutes, then rinse off with warm water. Repeat as often as required.
