

Ultimate Mix

For horses to help maintain overall good health when working or taking part in sports.

A natural horse supplement with prebiotics, vitamins, Echinacea, MSM and Glucosamine

A blend of herbs, minerals and vitamin

Use this:

As an alternative to using 4 supplements – digestive, joint, immune and a multivitamin/amino acid

to help maintain good health in your horse

to help to maintain joint health in your horse

Ultimate Mix contains:

Vitamin A

Vitamin A has many roles – helping with night vision and gene expression being just two.

Vitamin D3

Vitamin D3 controls the Calcium balance in the blood.

MSM

MSM (Methylsulfonylmethane) helps maintain healthy joints and supports recovery from exercise.

Spirulina

Spirulina is a blue green alga. It is a source of amino acids, proteins, fats, vitamins and co-factors.

Fructo-oligosaccharides

Fructo-oligosaccharides are a well-known prebiotic.

Diatomaceous Earth

Diatomaceous Earth is thought to help maintain digestive balance.

Glucosamine

Glucosamine helps maintain healthy joints.

Echinacea purpurea

Echinacea purpurea helps your horse get less sick, less often.

Vitamin E

Vitamin E works together with Selenium – both are antioxidants.

Vitamin C

Vitamin C (Ascorbic acid) plays a role in the immune system of the horse

Vitamin B2

Vitamin B2 (Riboflavin) also helps with the production of ATP which is the body's energy carrying molecule. It also supports fat and amino acid digestion.

Vitamin B1

Vitamin B1 (Thiamine) is required for the horse's body to manufacture ATP, the body's energy carrying molecule.

Vitamin B6

Vitamin B6 (Pyridoxine) is a coenzyme in the conversion of -5HTP to Serotonin. Serotonin is believed to act as a mood stabiliser.

Biotin

Biotin is essential for healthy hooves and skin.

Vitamin B12

Vitamin B12 is an essential vitamin which is necessary for the normal function of nerve cells.

Seaweed meal

Dried seaweed meal is a source of many vitamins, minerals and amino acids.

Ultimate Mix

Analytical constituents:

Crude Protein	(%12)
Crude Fibre	(%9)
