The blend of essential oils relieves insect bites, protects from infections, rashes, inflammation, and makes the skin smooth.

**30 gm**

## BeeWax Paw, Nose & Elbow Butter Cream

### Features:

- **Veterinarian Formulated:** Vivaldis paw butter for dogs and cats is formulated by an experienced veterinarians. Its unique formula creates a protective layer on the dogs' paws and elbows to help keep in the moisture and protect from the sun, salt, and hot surfaces. Our chapped paw moisturizer is the safe, non-toxic way to protect your dog's and cat's paws.
- **Apply In Small Amounts:** The small amount of cracked paw and elbow butter is enough to cover the entire paw. The Paw butter can be applied as frequently as required. It's completely safe and does not harm your furry friend even when they lick their paws. As pets don't like fragrance - We have not used any artificial fragrance in our paw wax. The smell is completely natural.

### Direction For Use:

Clean the paw with a wet cloth or clean water to remove all the dirt and debris, then apply a dab of paw butter with your fingers over paws, noses elbows, and nose especially in the areas where cracks and damages have occurred. Recommended for daily use, best used at bedtime.
