

GASTROINTESTINAL HELP LINE DOG DRY FOOD

If a dog's stomach grumbles, the four-legged friend shows no appetite or gets diarrhoea, this is usually due to gastrointestinal problems. The right feed can help in this situation: such as our Josera Help Gastrointestinal Dry food.

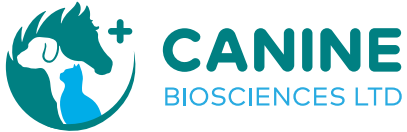

The easily digestible, gluten-free recipe of this complete dietary feed supports the desired intestinal bacteria thanks to digestion-regulating fibres. The phytogenic complex contains oregano, which has been used in medicine since ancient times. The herb is used in traditional veterinary medicine for digestive problems. With the help of the crunchy kibbles from Josera Help Gastrointestinal, animals with stomach problems can be supported. The dry feed therefore provides a easily digestible diet. The dog will finally tolerate its feed again, have good and regular bowel movements and a healthy appetite.

- Can help with acute and chronic gastrointestinal problems
- With easily digestible, gluten-free recipe and selected ingredients to relieve the digestive tract
- Digestion regulating fibres support the desired intestinal bacteria and can improve faecal consistency
- Phytogenic complex: oregano is valued for its digestive properties

10kg Pack

Composition:

Rice; dried poultry protein; poultry fat; potato protein; dried salmon protein; hydrolysed poultry protein; dried beet pulp (natural source of dietary fibre); cellulose; carob bean; minerals; yeast; oregano; psyllium husks; ground chicory root (natural source of inulin); rosemary; ginger; nettle; milk thistle; cranberry; dried protein from the New Zealand green-lipped mussel (*Perna canaliculus*).
Easily digestible complete dietary feed for adult dogs with gastrointestinal problems

FEEDING RECOMMENDATION:

Feeding recommendation per day.

Weight	inactive / older	normally active	active
5 kg	65 g	80 g	90 g
10 kg	110 g	130 g	155 g
20 kg	185 g	220 g	255 g
30 kg	250 g	300 g	350 g
40 kg	315 g	375 g	430 g
60 kg	430 g	510 g	590 g
80 kg	530 g	630 g	730 g

For optimal effect, only feed this diet. Additional feedings must be discussed with the attending veterinarian in advance. Ensure that your pet always has access to fresh drinking water.

GASTROINTESTINAL

Support for gastrointestinal diseases

If a dog's stomach grumbles, the four-legged friend shows no appetite or gets diarrhoea, this is usually due to gastrointestinal problems. The right feed can help in this situation: such as our Josera Help Gastrointestinal.

The easily digestible, gluten-free recipe of this complete dietary feed supports the desired intestinal bacteria thanks to digestion-regulating fibres. The phytogenic complex contains oregano, which has been used in medicine since ancient times. The herb is used in traditional veterinary medicine for digestive problems.

With the help of the crunchy kibbles from Josera Help Gastrointestinal, animals with stomach problems can be supported. The dry feed therefore provides a easily digestible diet. The dog will finally tolerate its feed again, have good and regular bowel movements – and a healthy appetite.

- Can help with acute and chronic gastrointestinal problems
- With easily digestible, gluten-free recipe and selected ingredients to relieve the digestive tract
- Digestion regulating fibres support the desired intestinal bacteria and can improve faecal consistency
- Phytogenic complex: oregano is valued for its digestive properties

Analytical constituents:

protein	%	25.2
fat content	%	18.8
crude fibre	%	2.3
crude ash	%	5.7
calcium	%	1.25
phosphorus	%	0.90
sodium	%	0.35
magnesium	%	0.10
potassium	%	0.45
taurine	mg	1,000
metabolisable energy per kg	MJ	16.9
metabolisable energy per kg	kcal	4,027

Additives: Nutritional additives per kg:

vitamin A	I.E./kg	24,000
vitamin D3	I.E./kg	1,800
vitamin E	mg/kg	220
vitamin C (ascorbyl monophosphate calcium sodium salt)	mg/kg	200
vitamin B1	mg/kg	15
vitamin B2	mg/kg	20
vitamin B6	mg/kg	20
vitamin B12	mcg/kg	100

Additives: Nutritional additives per kg:

calcium-D-pantothenate	mg/kg	50
niacin	mg/kg	90
folic acid	mg/kg	5
biotin	mcg/kg	1,000
L-carnitine	mg/kg	250
iron (iron(II) sulphate monohydrate)	mg/kg	220
zinc (zinc chelate of glycine, hydrate (solid))	mg/kg	180
manganese (manganese (II) oxide)	mg/kg	20
copper (copper(II) chelate of glycine hydrate (solid))	mg/kg	18
iodine (calcium iodate, anhydrous)	mg/kg	2.20
selenium (sodium selenite)	mg/kg	0.30

Technological additives:

Antioxidants: tocopherol extracts of natural origin.

Complete diet feed for adult dogs to compensate for insufficient digestion.

Composition: rice; dried poultry protein; poultry fat; potato protein; dried salmon protein; hydrolysed poultry protein; dried beet pulp (natural source of dietary fibre); cellulose; carob bean; minerals; yeast; oregano; psyllium husks; ground chicory root (natural source of inulin); rosemary; ginger; nettle; milk thistle; cranberry; dried protein from the New Zealand green-lipped mussel (*Perna canaliculus*)

Oregano

Oregano has been used in medicine since ancient times. In folk medicine, it is used for its digestive effect in gastrointestinal complaints and is also said to stimulate the appetite.

Recipe that supports digestion

The recipe with dietary fibres can promote the growth of healthy intestinal flora and regulate digestion. By binding water, the fibres also stabilise the consistency of the faeces.

Easily digestible recipe

Thanks to thermally broken down carbohydrates and premium quality raw ingredients, the recipe is easily digestible. Even dogs with sensitive digestion can easily tolerate the selected ingredients as they offer an optimal gentle diet.

Feeding recommendation:

Weight	inactive / older	normal active	active
5 kg	65 g	80 g	90 g
10 kg	110 g	130 g	155 g
20 kg	185 g	220 g	255 g
30 kg	250 g	300 g	350 g
40 kg	315 g	375 g	430 g
60 kg	430 g	510 g	590 g
80 kg	530 g	630 g	730 g

The recommended feed quantities are given per animal per day.

Ensure that your pet always has access to fresh drinking water.

For optimal effect, only feed the diet feed. Additional feedings must be discussed with the attending veterinarian in advance.

In the case of insufficient digestion: Easily digestible feed. Initially up to 12 weeks; in the case of chronic insufficiency of the pancreas, for life. It is recommended to seek the advice of a veterinarian before use.

Available in: 900 g; 10 kg
