**VeggieDog
Grainfree**

Composition:

Dried potato 41.0 %; pea flour (natural source of amino acids) 14.0 %; potato protein; sunflower oil; partially hydrolysed yeast; minerals; beet fibre; apple fibre 3.0 %; hydrolysed vegetable protein; grounded chicory root (natural source of inulin); herbs, fruits; dried algae 0.05 %.

Feeding Recommendations:

Vegetarian is possible because...

- compared to wolves, dogs are better equipped to digest food that is rich in starch (increased enzyme production)
- thanks to a clever combination of different kinds of vegetable protein, dogs can potentially cover their nutritional needs even better than with meat-based protein.
- dogs have been evolving at man's side for thousands of years, making them better adapted to human living conditions.
